

The Traditional Hegel and Schelling – A Walk With Spirit (1980)
By Defan Mesterozavan

I. Geistes

In fact psychoanalysis believes in the movement of Geistes which if mathematical and Spiritual will be referring to stalling madness – the dialectic of madness and reason, which then becomes Reason.

II. Spirit

In fact the second movement of psychoanalysis is Spirit, which means that Spirit is then violently dismembered by out of it's a) contingency of anxiety or b) its magical power recovers as Spirit. In Marx's reading of Parsifal, the spear that smote you is then the power of Spirit – it just means spiritual labour solves all crises.

III. World Spirit

In fact life is left to world spirit.

IV. Ladder on the Three Movements above

One level of concrete Marxism, then is spiraled up – the sphere, or the Extraneated, Diremptive, even finally Ex-communicated, and Extinguished, or Externalised Spirit.
